

LAWN & GARDEN CHEMICALS WEED FABRIC EROSION CONTROL ICE MELT

2022 LAWN & GARDEN PRODUCTS CATALOG

NO GIMMICKS, JUST WHAT YOU NEED.

Growing up on a family farm in North Carolina, Ike Lewis turned his love of working the soil into a life-long career in the agricultural industry. He believed nature was a gift that nurtured a man's soul. Working the soil, planting seeds, and nourishing crops reinforced his guiding principles in life of faith, family, and nature, and every moment in the garden or farm allowed him to experience all three at once. Gardening was his world, and he knew it better than anyone.

That's why Ike believed people should be particular about the products they choose for outdoor projects—to demand **honest solutions that deliver:**

HIGH-QUALITY PERFORMANCE AT A COST THAT DOESN'T BREAK THE BANK.

That means offering professional, uncompromising products that deliver exactly what you need and nothing but; no gimmicks here. Created right here in the United States, IKE's lawn & garden chemicals, fabrics, watering solutions, and ice melt give you the freedom to **grow your self-driven ambition into something greater.**

Letting your hard work thrive in every project you take on, our products are guaranteed to meet or exceed the level of quality Ike demanded ... **that's why his name is on the package.**

LANDSCAPE FABRICS

From commercial and residential projects to nursery alignment and heavy-duty hardscaping needs, our landscape fabrics ensure gardens get exactly what they need and nothing more. Weed prevention fabrics allow air, water, and nutrients to pass through while blocking sunlight from reaching the soil. Tree watering bags and rings help you avoid overwatering or underwatering. Protective bags and blankets trap and hold heat for plant survival when frost hits.

WEED ARMOR PRO15 6 YEARS GUARANTEED

HOME LANDSCAPING WEED PREVENTION FABRIC

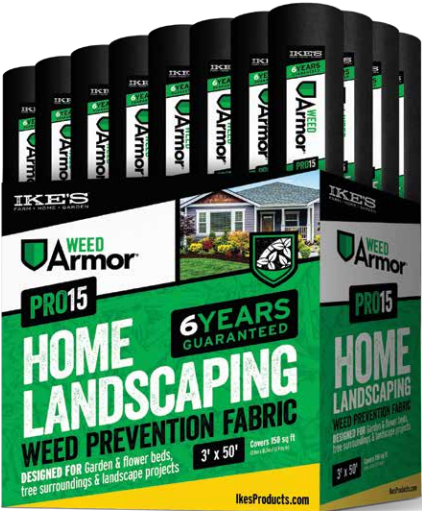

IKE'S WEED ARMOR PRO 15 Home Landscaping Weed Prevention Fabric is designed to allow air, water, and nutrients to pass through while blocking sunlight from reaching soil, stopping weeds from becoming anything more than a figment of your imagination. Intended for residential use, this strong yet lightweight 1.5 oz. polypropylene spunbond fabric ensures gardens and flower beds get exactly what they need and nothing more.

DESIGNED FOR
Garden & flower beds, tree surroundings & landscape projects

FROST ARMOR
FROST PROTECTION BAGS & BLANKETS

BREATHABLE FABRIC PLANT COVERS FOR COMMERCIAL & RESIDENTIAL USE

Old man winter doesn't stand a chance against IKE'S FROST ARMOR: protective bags and blankets that defend flowers, bushes, and small trees from early and late frosts. Lightweight and easy to use, these bags and blankets feature a breathable fabric that allows sunlight to reach plants, trapping and holding heat for survival against winter's frosty arrival—helping you defend what you have worked so hard on. Blood, sweat, tears and all.

- KEY BENEFITS
- Protects flowers, bushes, and small trees from frost
 - Allows light rays to reach plants while covered
 - Reusable
 - Drawstring secures bag to plant or pot base

IKE'S
TREE WATERING
BAGS & RINGS

SLOW RELEASE HYDRATION
FOR TREES WITH 4" & 6" TRUNKS

Avoid overwatering or underwatering trees and shrubs with IKE'S TREE WATERING solutions, designed for deep root saturation with little runoff. Available as a 20 gallon bag or 15 gallon ring and constructed from a heavy-duty PVC, UV-treated material to withstand the elements, it provides continuous and even water distribution and saturation. Getting parched trees exactly what they need—and nothing more—while giving yourself more time to tackle other tasks.

- 20 GALLON BAG*
- Provides 6-8 hours of watering
 - UV stabilized and heavy duty locking zipper for longer life
 - Bag fits trunks up to 4" in diameter
 - Easy installation and filling
 - Improves water conservation
- 15 GALLON RING*
- Provides 3-4 hours of watering
 - Heavy-duty PVC material, withstands prolonged sun exposure
 - Fits a 6" diameter tree
 - Low profile, great for shrubs and small trees
 - Easy installation and filling

SITE WORK FABRICS

Stop mother nature from shifting beneath with our site work fabrics, available in both stabilization-focused materials (professional-grade with a needle punch weave) or as a non-woven filter material (for enhanced permeability). From driveway and patio construction to drench drains and retention ponds, these fabrics are designed to provide superior stability and erosion control.

SITE ARMOR ARMORLAY

WOVEN STABILIZATION FABRIC

Stop mother nature from shifting the ground beneath with IKE’S SITE ARMOR ArmorLay, a heavy-duty, woven stabilization fabric that’s designed to provide superior erosion control by adding reinforcement strength to the surface, allowing for better load distribution. Professional grade with a needle-punch weave, it helps prevent surface ruts and potholes while adding stability when used as a separation fabric between rock and soil–giving you the upper hand against nature’s most unpredictable impulses.

DESIGNED FOR
Driveways, patios, construction entrances & more

SITE ARMOR ARMORFENCE

WOVEN SILT FENCE

What happens on the construction site, stays on the construction site with IKE’S SITE ARMOR ArmorFence, a woven polypropylene silt fence that’s designed to keep soil from washing away into nearby bodies of water or roads. Providing erosion control around a project or work site, this professional-grade, temporary barrier keeps soil exactly where it needs to be to allow for its redistribution after a project is finished–helping return ground stabilization to disturbed lands without having to truck in replacement fill dirt.

SITE ARMOR ARMORFILTER

NON-WOVEN FILTER FABRIC

Designed to provide superior permeability without compromising on stabilization, IKE’S SITE ARMOR ArmorFilter is a non-woven filter fabric that allows water to filter through at a high flow rate to help prevent pooling and ponding. This professional-grade fabric aids in the water filtration process by allowing water to pass through while keeping soil and sediment out–stopping spring showers and summer storms from washing out hours and hours of hard work.

DESIGNED FOR
French drains, retention ponds & stabilizing non-paved driveways

CONCENTRATES

Whether you're protecting shrubs from unwanted insect pests or defending flowers from unsightly weeds, IKE'S concentrated herbicides, insecticides, fungicides, fertilizers and specialty products allow you the freedom to create solutions most effective for the project in front of you. Offering more solutions and value per bottle, these unadulterated, professional concentrates are composed of what you need and nothing but; no filler ingredients here.

X-OUT™ GRASS & WEED KILLER

NON-SELECTIVE WEED AND GRASS CONTROL

A post-emergent, non-selective herbicide that mixes readily with water. Apply as a spray for the control of broadleaf weeds and grasses. X-Out is a foliar-active material with little to no soil-residual activity. Visual results within 2 to 4 days after application. Rainfast four hours after application.

- Provides control of a wide variety of emerged annual and perennial broadleaf weeds and grasses
- Effective pre-plant treatment for turf, ornamentals, and greenhouses due to minimal soil residual
- Reduced translocation allows clear boundaries during use and maintenance around existing ornamentals in landscape beds

SPECIFICATIONS	
Active Ingredient	Glufosinate 24.5%
Coverage	Up to 42,000 sq. ft. per quart Up to 168,000 sq. ft. per gallon
Use Sites	Landscape areas around individual trees and shrubs, foundations, fences, driveways, schools, educational facilities, and paths
Mix Rate	0.75 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 1 quart, 4 x 1 gallon

LAWN WEED KILLER

KILLS WEEDS WITHOUT HARMING GRASS

Utilizes a combination of three selective herbicides to control a wide variety of hard-to-kill broadleaf weeds such as dandelion, clover and plantain. University trials have proven it to be an effective solution that can be safely applied to both cool and warm season grasses.

- Low odor formulation
- May be applied to woody brush in non-cropland areas

KILLS OVER 230 BROADLEAF WEEDS, INCLUDING:
Burweed, Plantain, Clover, Spurge, Dandelion, Purslane, Dollarweed & more.

* Not for use on St. Augustine (Floritam) and Centipede
* Application temperature should be 65°F-85°F

SPECIFICATIONS	
Active Ingredient	2,4-D 30.9%, MCPA 8.23%, Dicamba 2.77%
Coverage	Up to 42,000 sq. ft. per quart Up to 168,000 sq. ft. per gallon
Use Sites	Lawns
Mix Rate	0.75-1.5 fl. oz. per gallon per 1,000 sq. ft.

CRABGRASS & WEED KILLER

CONTROLS CRABGRASS WITHOUT KILLING THE LAWN

A selective, post-emergent herbicide that can be safely applied to many types of turf to control a variety of broadleaf and grassy weeds such as Crabgrass. Can be applied to both residential and non-residential turf from 7 days before seeding and up to 28 days after emergence on selected weeds.

- Up to 90-day control
- Able to spot treat weeds without harming turf
- Do not use on St. Augustine (including Floritam), bahiagrass, carpetgrass, centipede or dichondra

KILLS OVER 50 WEEDS, INCLUDING:
Barnyardgrass, Broadleaf weeds, Field bindweed, Crabgrass, Clover, Dandelion, Foxtail, Grassy weeds, Kikuyu grass, Morning glory & more.

SPECIFICATIONS	
Active Ingredient	Quinclorac 18.92%

12x7.5	7.5 OZ	114020	850023114020

BRUSH & POISON IVY KILLER PLUS

WEED AND BRUSH HERBICIDE

A selective, post-emergent herbicide designed to kill brush, unwanted trees, and perennial and annual broadleaf weeds on range and pastureland. This product will kill weeds on permanent grass pastures, rangeland, conservation reserve program acres, fence rows, roadsides, non-irrigation ditch banks, industrial sites, and non-crop areas.

- KILLS poison ivy, poison oak, blackberry, kudzu, ground ivy (creeping charlie), bramble, thistle, and other woody plants
- KILLS stumps
- Rainfast in 2 hours

WEEDS CONTROLLED
Poison ivy, Creeping Charlie, Poison oak, Bramble, Blackberry, Thistle, Kudzu, Stumps, Ground ivy & more.

SPECIFICATIONS	
Active Ingredient	2,4-D 34.4%, Triclopyr 16.5%
Coverage	Up to 24,000 sq. ft. per quart Up to 96,000 sq. ft. per gallon
Use Sites	Lawns, ranges, pastureland and CRP acres

LV 400 Weed Killer is pending registration.

TOTAL PEST CONTROL

ODORLESS, NON-IRRITATING INSECTICIDE

Excellent broad spectrum control of over 75 insect pests in trees, lawns, shrubs, and flowering plants. Can be used as an interior treatment for indoor pests. Prevents and kills ticks and mosquitos.

- Kills spiders, ants, roaches, mosquitos, fleas, ticks & more
- Up to 6-month protection
- Approved for indoor & outdoor use

PARTIAL LIST OF INSECTS CONTROLLED:
Billbugs, Carpenter ants, Clothes moths, Cockroaches, Earwigs, Fire ants, Fleas, Flies, Gnats, Mites, Mole crickets, Mosquitoes, Scorpions, Ticks, Wasps & more.

SPECIFICATIONS	
Active Ingredient	Bifenthrin 7.9%
Coverage	Up to 32,000 sq. ft. per 8 fl. oz. Up to 64,000 sq. ft. per pint Up to 128,000 sq. ft. per quart Up to 512,000 sq. ft. per gal.
Use Sites	Residential lawns, interior environments, landscape ornamental
Mix Rate	0.25 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 8 fl. oz., 12 x 1 pint, 12 x 1 quart, 4 x 1 gallon

CONFIGURATION	UOM	MFG#	UPC
12x1	8 OZ	114129	850023114129
12x1	PT	114068	850023114068

4x1	GAL	114501	850023114501

TOTAL GRUB CONTROL

PROVIDES SEASON-LONG GRUB CONTROL

Works systemically to protect your lawn roots from white grub damage. Apply in spring and fall for season-long control and best results.

- Controls subterranean termites
- Also controls mole crickets, carpenter ants & more
- For best results, apply spring & late summer

PARTIAL LIST OF INSECTS CONTROLLED:
Chinch bugs, Cutworms, European chafer, European crane fly, Green June beetle, Mole crickets, Oriental beetles, Southern masked chafer, Termites, White grubs & more.

SPECIFICATIONS	
Active Ingredient	Imidacloprid 21.4%
Coverage	Up to 64,000 sq. ft. per quart
Use Sites	Residential lawns
Mix Rate	Turf/Ornamentals: 0.5 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 1 quart

CONFIGURATION	UOM	MFG#	UPC
12x1	QT	114044	850023114044

TOTAL TREE & SHRUB PROTECTION PLUS

SEASON-LONG CONTROL OF CHEWING & SUCKING INSECTS

Keep your flowers and plants beautiful and insect free. Provides both systemic and foliar control of insects and pests on your roses, flowers and landscape ornamentals. Readily available to the plant, it prevents new infestations and protects trees and shrubs from insect damage.

PARTIAL LIST OF INSECTS:
Aphids, Borers, Caterpillar, Emerald Ash Bore, Grubs, Gypsy Moth, Hemlock Woolly Adelgid, Japanese Beetle, Lace Bugs, Leaf Beetles, Leaf Hoppers, Leaf Miner, Mealy Bugs, Pine Borer, Psyllids, Sawfly Larvae, Soft Scales, Thrips, Web Worm, Whiteflies & more.

SPECIFICATIONS	
Active Ingredient	Imidacloprid 21.4%
Coverage	0.5 tsp. per 5 gallons of water 1 pint treats up to 48 4-in. diameter trees 1 pint treats up to 192 1-in. diameter rose bushes
Use Sites	Flower beds, landscape ornamentals
Mix Rate	Trees: 0.5-1 tsp. per 10 gal. of water per in. of trunk diameter Ornamentals, flowers: 0.5 tsp. per 5 gal. per 1,000 sq. ft.
Case Pack	12 x 1 pint

CONFIGURATION	UOM	MFG#	UPC
12x1	PT	114082	850023114082

TOTAL DISEASE CONTROL

SIMPLIFIED, EFFECTIVE DISEASE CONTROL

A multi-purpose fungicide that can be safely applied on ornamentals, lawns, fruit trees, and vegetables to treat a large majority of major plant diseases such as brown patch, powdery mildew, black spot, and rust.

- For use on Ornamentals, Fruit & Nut Trees, Berries & Vegetables
- Treats brown patch, powdery mildew, black spot, rust, and much more
- Protects for up to two weeks

LIST OF DISEASES CONTROLLED:
Brown Patch, Take-all Patch, Copper Spot, Dollar Spot, Leaf Spot, Septoria, Zonate, Melting Out, Crown Rot, Leaf Smuts, Powdery Mildew, Rust, Red Thread, Spring Dead Spot, Necrotic Ring Spot, Summer Patch

SPECIFICATIONS	
Active Ingredient	2% Myclobutanil
Coverage	Up to 1,500 sq. ft. per pint
Use Sites	Residential lawns
Mix Rate	0.75 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 1 pint

CONFIGURATION	UOM	MFG#	UPC
12x1	PT	426016	850031426016

LAWN BOOSTER PRIME 30-0-0

STEADY RELEASE OF NITROGEN OVER 8 WEEKS

An environmentally friendly supplemental liquid nitrogen fertilizer designed for foliar and soil applications. 60% of the total nitrogen is derived from the slow release nitrogen (SRN) urea-triazone.

- Labeled for use on warm and cool season grasses
- Extended release of nitrogen increases yield and plant development
- Vigorous root and plant growth

SPECIFICATIONS	
Coverage	Up to 16,000 sq. ft. per gallon Up to 53,000 sq. ft. per 2.5 gallons
Use Sites	Residential lawns
Mix Rate	Warm Season Turf: Apply 1.5-8 fl. oz. per 1,000 sq. ft. Cool Season Turf: Apply 1.5-6 fl. oz. per 1,000 sq. ft.
Case Pack	4 x 1 gallon, 2 x 2.5 gallon

CONFIGURATION	UOM	MFG#	UPC
4x1	GAL	114198	850023114198
2x2.5	2.5 GAL	114174	850023114174

PASTURE BOOSTER PRIME 30-0-0

STEADY RELEASE OF NITROGEN OVER 8 WEEKS

Boost your pasture with the readily available liquid nitrogen found in this environmentally friendly pasture supplement. Contains 60% slow release nitrogen for a continuous feed.

- Labeled for use on warm and cool season pasture grass
- Extended release of nitrogen increases yield and plant development
- Vigorous root and plant growth

SPECIFICATIONS	
Coverage	Up to 215,000 sq. ft. per 2.5 gallons
Use Sites	Pasture, hay fields
Mix Rate	1.5 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	2 x 2.5 gallon

CONFIGURATION	UOM	MFG#	UPC
2x2.5	2.5 GAL	114259	850023114259

PASTURE BOOSTER PRIME 18-3-6

STEADY RELEASE OF NITROGEN OVER 8 WEEKS

This 18-3-6 formulation is designed for both foliar and soil applications where immediate and lasting nitrogen is needed. Helps keep pastures healthy for livestock and other grazing animals.

- 50% of the nitrogen is derived from a slow-release form
- Phosphorus is derived from potassium acetate, providing up to 5x the foliar availability of traditional sources of potash
- Contains chelated micro package (iron, manganese, zinc)

SPECIFICATIONS	
Coverage	Up to 108,000 sq. ft. per 2.5 gallons
Use Sites	Pasture, hay fields
Mix Rate	3 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	2 x 2.5 gallon

CONFIGURATION	UOM	MFG#	UPC
2x2.5	2.5 GAL	114235	850023114235

GRIP STICK

IMPROVES PERFORMANCE AND LOWERS SURFACE TENSION

High quality, general purpose nonionic surfactant that can be sprayed with insecticides, fungicides or herbicides. Reduced surface tension allows for greater contact and more uniform distribution.

- No chemical interaction with actives
- Allows for uniform delivery of spray mix
- Increases coverage
- Assists with penetration

SPECIFICATIONS	
Coverage	Up to 32 gallons spray solution per pint Up to 256 gallons spray solution per gallon
Use Sites	Lawns, pasture, landscape ornamentals
Mix Rate	Refer to pesticide being used for proper surfactant mix rate
Case Pack	12 x 1 pint, 4 x 1 gallon

CONFIGURATION	UOM	MFG#	UPC
12x1	PT	114266	850023114266
4x1	GAL	114211	850023114211

BLOCKOUT BLUE POND DYE

IMPROVES WATER QUALITY AND CLARITY

High quality, long lasting and safe blue pond dye. 100% safe for humans, fish, livestock, pets, birds, potable water and irrigation. Maintains color and clarity for up to 30 days, non-staining when used as directed.

- Up to 12x more efficient than typical liquid dyes
- Easy clean-up in the case of a spill
- Water is safe for recreational activity after dispersal

SPECIFICATIONS	
Coverage	1 gallon treats 1 surface acre, 4-6 ft. deep
Use Sites	Lakes and ponds
Case Pack	4 x 1 gallon

CONFIGURATION	UOM	MFG#	UPC
4x1	GAL	114150	850023114150

TANK CLEANER

DISSOLVES PESTICIDE RESIDUE AND PROTECTS EQUIPMENT

Assists with or eliminating residues from spray equipment. Reduces the chance of cross contamination, which could lead to reduced efficacy and plant damage.

- Extend the life of application equipment
- Extreme alkalinity quickly breaks down acid residues
- Effective on hard-to-clean poly and fiberglass spray systems

SPECIFICATIONS	
Coverage	Up to 32 gallons spray solution per quart
Use Sites	Spray tanks, spray equipment
Mix Rate	1 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 1 quart

CONFIGURATION	UOM	MFG#	UPC
12x1	QT	114419	850023114419

SPRAY PATTERN INDICATOR

REDUCES OVERSPRAYING, SAVES TIME AND MONEY

Utilizing a blue indicator dye in your tank mix can save time and money by quickly identifying treated areas while also alerting you to equipment failure.

- Non-toxic, concentrated dye is compatible with most fertilizers, pesticides, and herbicides.
- Food-grade components

SPECIFICATIONS	
Coverage	Up to 32 gallons spray solution per quart
Use Sites	Turfgrass, sports fields, pastures, lawns, brush control
Mix Rate	1 fl. oz. per gallon per 1,000 sq. ft.
Case Pack	12 x 1 quart

CONFIGURATION	UOM	MFG#	UPC
12x1	1 QT	114433	850023114433

ICE MELT

They say winter doesn't stop for anyone; but neither do we. Because when the temperature drops and snow falls, preparation is paramount to keeping those around you safe. Protect them and your property with IKE'S granular and liquid ice melts. Keeping people safe while minimizing environmental harm, our line of simple-to-use, advanced ice melt technologies never back down. It's time to stop winter in its tracks.

QUAD SELECT

ICE MELTER FORMULATION

Take the edge off winter's toughest storms with IKE'S QUAD SELECT Ice Melter, providing fast and powerful results in subzero temperatures to -15 °F. Featuring a proprietary four-way chloride formula that helps prevent refreezing, this premium ice melter makes for safer walkways and easier snow removal—letting you get the job done, even when the weather doesn't want you to.

- Melts to -15 °F / -26 °C
- Helps prevent refreezing
- Uniform particle size for accurate application
- Water-based, non-staining blue indicator dye for coverage control
- Granular formula spray coated with magnesium

SIZES AVAILABLE
BAG: 10 lb. shaker, 25 lb., 50 lb.

LIQUID ICE MELT ENTRY®

100% CHLORIDE-FREE

Put safety first during winter's worst with IKE'S ENTRY® Liquid Ice Melt, providing fast and powerful results in subzero temperatures to -63 °F. A 100% chloride-free, eco-friendly solution that gets the job done in extreme weather while helping prevent refreezing, this liquid ice melter makes safety the priority—for children, pets, plants, concrete, metals, and even waterways.

- 100% chloride-free
- Green Seal Certified
- Safe for children, pets, plants, concrete, metals, and even waterways
- Fast-acting within 30 seconds
- Eliminates messy granular tracking on surfaces
- Shovel, spray, and then melt away

DUOMELT

ICE MELTER FORMULATION

Don't let winter get the jump on you. Prepare with IKE'S DUOMELT Ice Melter and make safety a priority with melting power in temperatures to -5 °F. Featuring a performance blend of sodium chloride crystal enhanced with Duomelt technology, this simple and effective ice melter promotes rapid melting while minimizing corrosion—a double threat that protects both the environment and those braving through winter's most punishing storms.

- Melts to -5 °F / -21 °C
- Duomelt technology promotes rapid melting with less corrosion
- Economical and effective ice melter
- Water-based, non-staining purple indicator dye for coverage control
- Consistently sized, enhanced sodium chloride crystal

LIQUID ICE MELT ICE ELIMINATOR

POWERED BY ENTRY®

Get a head start on winter with IKE'S ICE ELIMINATOR Liquid Ice Melt, providing fast and powerful results in temperatures to 10 °F. Simple and ready to use, this pretreatment liquid ice melt features a proprietary blend of sodium and magnesium chloride that's powered by Entry® to prevent snow and ice from sticking and accumulating—stopping winter storms before they ever get a chance to leave their mark.

- Ready to use, no mixing required
- Liquid pretreatment with ionic de-icing technology
- Protects against refreezing
- Eliminates messy granular tracking on surfaces
- Less harmful on environment
- Safer for children, pets, plants, concrete, and metals
- Shovel, spray, and then melt away
